ESMAKSAN

HAKKIMIZDA

ESMAKSAN Makine Sanayi Ticaret LTD. ŞTİ. 1977 yılında kurulmuştur. Genel inşaat, madencilik, karayolu yapımı ve altyapı gibi sektörlerde kullanılan Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Hitachi, Sumitomo, Allison, Furukawa ve ZF gibi güçlü markalara uygun yedek parça üretim, satış, pazarlama ve gerektiğinde servis konularını kapsayan müşteri destek hizmetlerini, Ankara'da kurduğumuz tesisimizde ve deneyimli kadromuzla gerçekleştirmekteyiz.

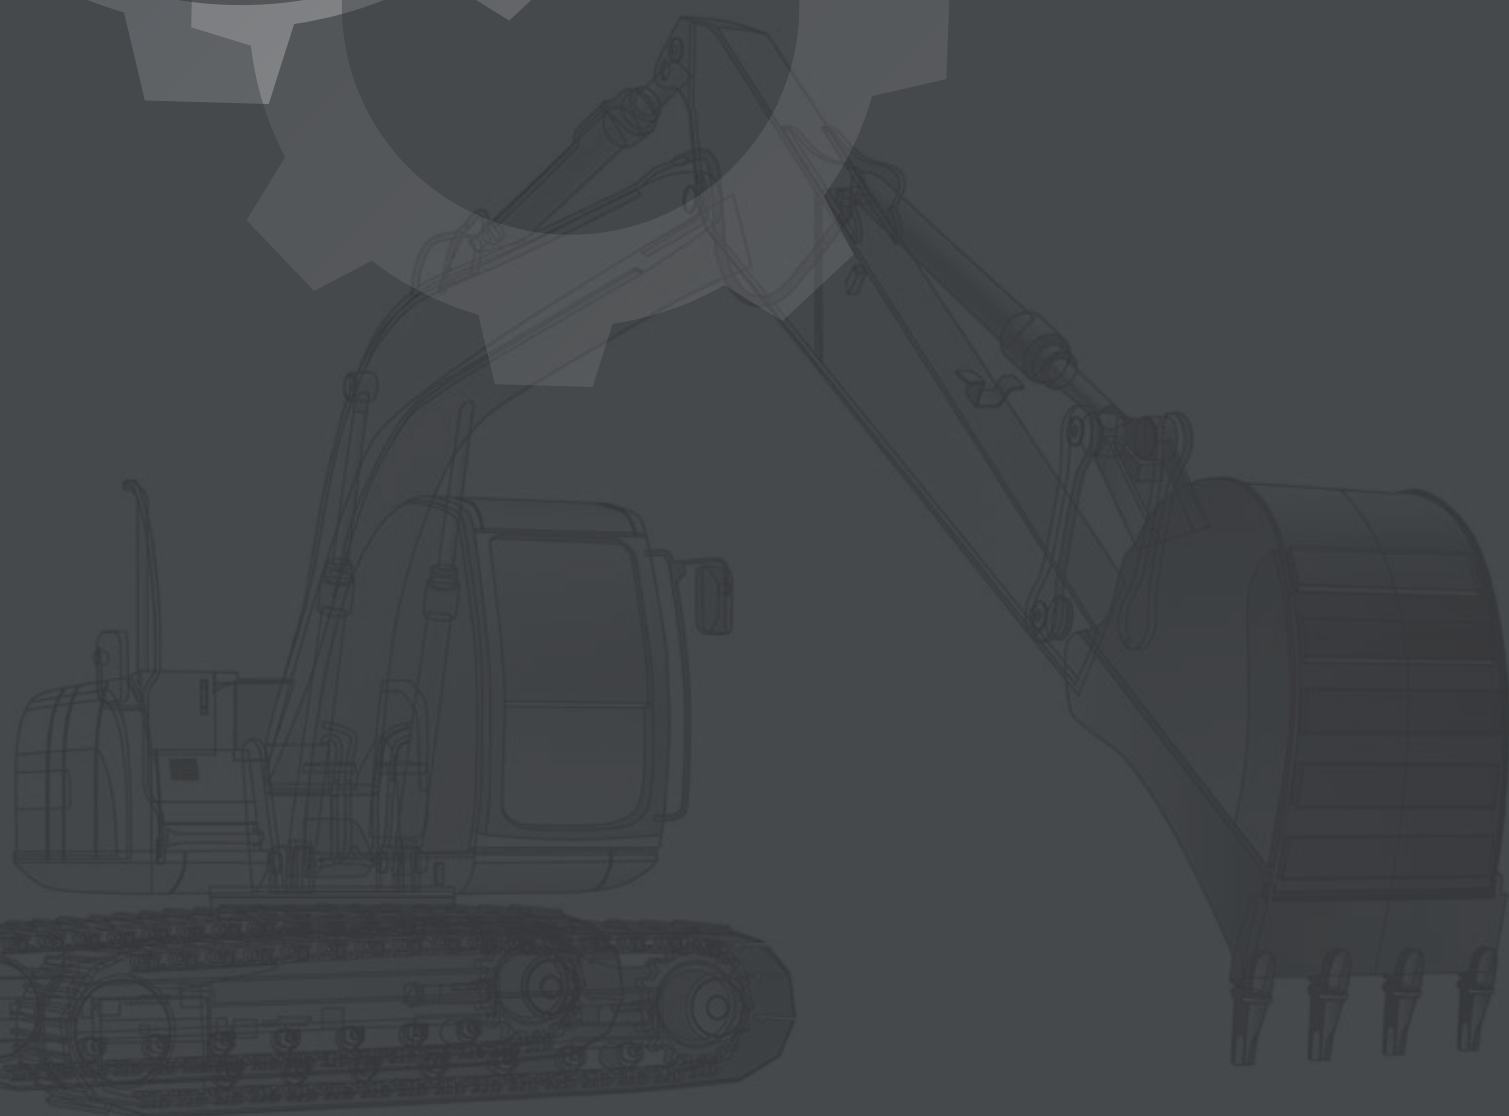

Gerek yurt içinde gerekse yurt dışında müşteri memnuniyetine odaklanarak en iyi şekilde hizmet vermeye çalışan firmamız, ürün portföyümüzdeki 2500 adet yedek parçayı en son teknolojik makina ve ekipmanlarla siz değerli müşterilerimize sunmaktadır.

ABOUT US

ESMAKSAN Makine Sanayi Ticaret LTD. ŞTİ. was established in 1977. We provide customer support services including spare part production, sales, marketing and technical service, when necessary, suitable for powerful brands in general civil engineering, mining, highway construction and infrastructure such as Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Hitachi, Sumitomo, Allison, Furukawa and ZF, with our experienced personnel at our facilities in Ankara.

Our company, providing service at the highest possible level by focusing on customer satisfaction both in land and abroad, offers 2500 pieces of spare parts in our product portfolio with the help of the cutting edge technology machinery and equipment.

ÜRETİM

PRODUCTION

ÜRETİM

Esmaksan Makina Sanayi müşterilerine üretim, kalite kontrol, montaj, tamir hizmetlerini vermektedir.

Firmamız iş makineleri dalında birçok firmalara hizmet verdiği gibi özel ürün taleplerine de çözümler sunmaktadır. Çalışmalarında müşteri memnuniyetini ön planda tutan firmamız bu amaçla çalışmalarına hız vermiş, gerekli olan teknolojik alt yapıyı ve kalifiyeli personel tabanını oluşturmuştur. Firmamızda çalışan personel kendi alanında gerekli eğitimleri almış ve bu alanda uzmanlaşmıştır.

Esmaksan Makina Sanayi, üretimde başarı için teknolojinin gerekliliğine inanıp, bu amaçla en yeni teknolojiye sahip üretim araçlarını kullanmaktadır. Hızla değişen teknoloji ile beraber kendisini her zaman yenilemeye özen gösteren firmamız, son teknolojiye sahip makina parkı ile hizmet sunmaktadır.

PRODUCTION

Esmaksan Makina Sanayi offers production, quality control, installation and repair services to its customers.

Our company offers solutions for special product demands as well as providing service to numerous companies in the area of construction machinery. Giving priority to customer satisfaction in its operations, our company accelerated its activities in this respect and created the required technological infrastructure and qualified personnel base. Personnel employed at our company received necessary trainings and specialized in their own fields.

Esmaksan Makina Sanayi believes in requirement of technology for achievement in production and uses state of the art production machinery to this end. Our company, always putting an effort to renew itself in parallel with rapidly changing technology, offers services with its high end machinery park.

KALİTE KONTROL

QUALITY CONTROL

KALİTE KONTROL

Esmaksan Makina Sanayi kaliteye önem veren bir üretim anlayışına sahiptir. Değişen müşteri talepleri içerisinde konfigürasyon kapsamında bulunan parçaların ölçülmesi, raporlanması, üretim ağıının içerisinde başarı ile uygulanmaktadır. Üretilen pompalar son aşamada test cihazlarından geçirilir ve veriler arşivlenir. İstenildiği takdirde test raporları, müşterilerimize gönderilir. Montaj sırasında kullanmış olduğumuz rulman, keçe, burç v.b. ürünler en iyi kalitededir.

QUALITY CONTROL

Esmaksan Makina Sanayi has a production approach which gives prominence to quality. Measurement and reporting of the parts included in the scope of configuration within changing customer demands are implemented successfully in the production network. Pumps are held subject to test devices in the last stage and data are archived. Test reports are submitted to our customers upon request. Bearings, rubbers, burs etc. we use in installation are of the highest quality.

TORK TORQUE

ESMAKSAN

ESMAKSAN Makine Sanayi kurulduđu 1977 yılından bugüne Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa marka iş makinelerinin birçok modeline uygun tork ve tork parçaları imal etmektedir. İmalatta kullanılan türbün, impeller, statör kendi tesisimizde, kaliteli malzeme ile dökülür ve gerektiği takdirde ısıtılma tabi tutulur.

Montaj yapılırken kaliteli bilya ve keçeler kullanılır.

ESMAKSAN'da her makineye uygun tork ve tork parçalarını bulabilir ya da özel imalat yaptırabilirsiniz.

ESMAKSAN Makine Sanayi has been manufacturing torque and torque components suitable for many models of construction equipment of Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa brands since its inception in 1977. The turbines, impellers and stators used in manufacturing are cast with quality material and hot treated if necessary at our own facilities.

High quality balls and felt is used for installation.

You can find or specially order customized torque and torque components suitable for every machine at ESMASAN.

ESMAKSAN

ESMAKSAN, Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa ve ZF marka makinelere uygun şanzıman parçaları üretmektedir. Birçok markada ürettiğimiz piston, taşıyıcı gruplar, drumlar, şanzıman dişlisi, carrier, shaft gibi hassas ürünleri en iyi kalitede üretmekteyiz.

ESMAKSAN ürün portföyünü her geçen gün arttırmakta, yeni model makinelere uygun parçaları listesine eklemektedir.

Bütün parçalar garantili olarak müşterilerimize gönderilir.

ESMAKSAN manufactures transmission components suitable for machinery of Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa and ZF brands. We produce high accuracy products such as pistons, bearing groups, drums, transmission gear, carriers and shafts for many brands at the highest quality.

ESMAKSAN broadens its product portfolio every day and includes parts for new model machinery to the list.

All parts are delivered to our customers under warranty.

PUMP

ESMAKSAN

ESMAKSAN, Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa ve ZF marka makinelere uygun şanzıman, hidrolik ve karter pompalarını en kaliteli şekilde, standart testlerden geçirerek müşterilerine sunmaktadır. Üretilen pompalar, pompa test cihazımızda, basınçları, debisi, harareti ölçülür ve raporları arşivlenir. İstenildiği takdirde de siz değerli müşterilerimize temin edilir.

Pompa içerisinde kullanılan plate'ler kendi imalatımızdır. Montaj yapılırken kullanılan, keçe, bilya, burç, conta vb. gibi parçalar en iyi kalitededir. Pompa gövde imalatı ve pompa dişli imalatımız yüksek kalitede CNC tezgahları ile imal edilir. Ayrıca özel sipariş imalatı da yapılmaktadır.

ESMAKSAN provides customers with transmission, hydraulic and carter pumps suitable for machinery of Caterpillar, Komatsu, Kawasaki, Volvo, Clark, Allison, Furukawa and ZF brands at the highest quality and after going through standard tests. The pumps pressure, flow rate and temperature are measured in our pump test device and the reports are recorded in our archives. They are available for our valuable customers upon request.

The plates used in the pump are our own production. The parts used in installation such as felt, balls, bearings and seals etc. are the best quality. The pump body and the pump gear are manufactured by high quality CNC systems. Customized production is also available.

ESMAKSAN

ESMAKSAN, birçok üründe cer ve cer dişlisi imalatına başlamıştır. İleri teknoloji üretimimiz ile artık istavroz kutusu, ayna mahruti, cer dişlileri ve komple cer en iyi kalitede yapılmaktadır. İleri teknoloji üretimimiz sayesinde çalışma esnasında herhangi bir sıkıntı yaşanmamaktadır. Yıllardır Kawasaki marka makinelere uygun ayna mahruti, cer dişlisi ve komple cer üreten ESMAXSAN, artık Caterpillar, Komatsu, Hyundai, Volvo, Hidromek, Hitachi, Sumitomo, New Holland gibi markalara uygun ürünler de üretmektedir. Ayrıca isteğe göre özel üretim de yapılmaktadır.

ESMAKSAN has started to produce traction and traction gear in many products. Now the pinion box, the final drive gear, the traction gear and the complete traction is produced at the best quality thanks to our state of the art production. No trouble is encountered during operation thanks to our advanced technology. Having manufactured final drive gears, traction gears and complete tractions for Kawasaki brand models, ESMAXSAN now manufactures products suitable for Caterpillar, Komatsu, Hyundai, Volvo, Hidromek, Hitachi, Sumitomo, New Holland etc. tailored production is also available.
